

Private Labels

Custom branding of your Advantage Controls products

Key Features

- Personalize with your company logo and information
- Increase brand awareness
- Full color or single color labels
- Custom sizes and a variety of materials
- You sell, we ship with your branding attached
- Available for the MegaTron and MicroLinx series of controllers, timers and chemical metering pumps

Application

Your logo is your billboard. What better way to advertise your company than to have your own name on your own product? Including your information reminds your customers to think of you when it's time to make a purchase.

We place your company name, logo and contact information on the finished product and ship it "as you".

You pay for the first order of labels and we handle subsequent (duplicate) orders.

Customer supplied labels are also welcome.
